Services include adoption/legal services, certificates/forms assistance, child custody/visitation assistance, child support assistance, divorce assistance, paternity suits, reverse paternity actions and temporary restraining orders. There are no geographic restrictions; however, representation may not be available at all court locations. In most cases, people represent themselves (in pro per) before the court, but the Center assists and counsels clients in the preparation and filing of all court papers. The Center offers attorney representation for clients for an additional cost. A special program is available to help veterans with family law issues. Children are not permitted in the office.

Application Procedure: Walk in to get information and apply for services, or call for taped information. All services are delivered on the premises. Intake is on a first-come, first-served basis, and it is recommended that individuals with new cases arrive early. Call the designated phone line to apply for veterans services; an initial phone screening is required.

Fees/Payment Source: The consultation fee is \$40. Additional fees are charged for paperwork based on gross income. A sliding scale takes into account the number of children and adults supported by the client. Payments can be made via cash, money orders, debit cards and credit cards only. Checks are not accepted.
